Swiss Enduro Championships in Airolo – A Historic First in Ticino

On Saturday, 9th of August 2025, the Enduro Swiss Mountain Bike Championships will take place in Airolo – marking the first time this prestigious event is hosted in the canton of Ticino. Over 350 riders are expected to compete on a course that combines fast, technical descents with the dry, loamy trails that Airolo is famous for. Known for its warm hospitality and stunning mountain scenery, Airolo promises an unforgettable championship weekend.

A special edition in southern Switzerland

As a regular and much-loved stop on the Swiss Enduro Series (SES) calendar, Airolo has earned a reputation for its unique terrain and welcoming atmosphere. This year's Swiss Championships will be particularly special, not only because of the spectacular riding, but also because it's the first time the event is held in Ticino, the Italian-speaking part of Switzerland. Riders and fans alike can look forward to rich Ticinesi culture, mouth-watering regional cuisine, and a fantastic camping and paddock area that brings the community together.

Race highlights and favourites

This year's championship will see some of the sport's top talents battling it out on the iconic Airolo trails. In the women's race, all eyes will be on Delia Da Mocogno – last year's champion and the overall SES series winner – as she aims to defend her title on familiar (almost) home terrain.

In the men's field, Basil Weber is chasing his third Swiss Championship title, looking to add another win to his impressive career. He might face strong competition from Patrick Lüthi, the reigning 2023 champion who also claimed the title in 2021 and continues to be a dominant force on the Swiss enduro scene.

Spectators and program

The Swiss Championships in Airolo are free to attend, with a vibrant village and food showcasing local delicacies. Only the use of mountain lifts requires a ticket, which takes spectators up to 2'067 m.a.s.l. to Sasso della Boggia. Alongside the racing action, visitors can enjoy a laid-back summer atmosphere, sample regional specialties, and soak in the famously friendly Ticino hospitality.

Airolo – Enduro paradise in the heart of Ticino

Located at the southern foot of the Gotthard Pass, Airolo offers a perfect blend of alpine beauty and Mediterranean flair. Riders can explore a wide network of trails, with routes suited to both adrenaline-seekers and casual bikers. Add to that the welcoming local community, delicious food, and stunning views – and it's easy to see why Airolo is one of Switzerland's hidden gems for mountain biking. Everything is ready for the season!

The destinations and the SES team are looking forward to welcoming all participants in 2025. See you there! #swisSENDuro
